## Experience

**MERN STACK DEVELOPER**, Edu Net Foundation                          10 February - 21 March,2025
- Built a web application (recipe sharing platform) using MERN for users to share and discover recipes. Designed a responsive UI with React and managed backend APIs with Express, MongoDB.

## Projects

**Student Results Website**                                                          source code
- A dynamic web-based platform designed to simplify the process of publishing and accessing student academic results.This project has been successfully implemented and actively used in our university, demonstrating its practical utility and effectiveness in a real academic environment.
- Tools used: HTML, CSS, Javascript, Express.js, Node.js, Mongo DB.

**Question Paper Generator**                                                          source code
- A web-based system designed to automate the creation of question papers based on predefined criteria. Ensures efficient and balanced selection of questions while maintaining diversity in difficulty levels and topics. This project has been successfully implemented and actively used in our college, demonstrating its practical utility and effectiveness in a real academic environment.
- Tools used: HTML, CSS, Javascript, Express.js, Node.js, Mongo DB.

## Certificates

- Special Achievement award (GNITC Annual day-2025)
  View Certificate

- Recipe Sharing Platform (EduNet Internship-2025)
  View Certificate

- Programming in Java (NPTEL-2024)
  View Certificate

- Senior Software Developer Product Development (PMKVY-2025)

## Technical Skills  Interests

**Skills** :- C, Java, JavaScript , Git , Nodejs
**Frontend frameworks**  :- HTML, CSS, Bootstrap
**Database Systems** :- MongoDB
**Soft Skills**  :- Problem solving, Teamwork, Communication
