B.Tech – CSE (Artificial Intelligence & Machine Learning), 2026

PROFESSIONAL SUMMARY

B.Tech Graduate in Computer Science (AI & ML) with CGPA 8.7/10 and hands-on experience in MERN stack development. Built and deployed multiple production-level academic platforms used by hundreds of students and faculty. Skilled in Java, JavaScript, SQL, REST APIs, and database design, with a proven ability to automate workflows and deliver scalable software solutions.

EDUCATION

B.Tech – CSE (AIML) Gurunanak Institutions Technical Campus GPA: 8.70 / 10.0	2022 – 2026
Intermediate MPC Sri Chaitanya Junior College Score: 94%	2020 – 2022
SSC Siddhartha High School Score: 98% (10/10)	2019 – 2020

EXPERIENCE

MERN Stack Developer Intern EduNet Foundation (with EY GDS)	Feb 2025 – Mar 2025
- Engineered a full-stack recipe-sharing platform using MERN; built responsive React UI, RESTful Express APIs, and MongoDB schema with validation. - Delivered seamless client-server data flow with efficient querying and structured backend architecture within a one-month timeline.	

PROJECTS

Online Evaluation Portal	MERN Stack
- Full-stack academic evaluation system managing assignment submission, grading, and performance tracking with MongoDB validation and data integrity checks. - Successfully deployed and actively used during the AI Summit at the college.	
Question Paper Generator	HTML, CSS, JS
- Automated structured question paper generation from validated datasets with reconciliation logic to eliminate duplication. - Reduced manual exam-prep workload by 60%; actively used by faculty for official paper creation.	
Student Results Portal	HTML, CSS, JS, MONGO DB
- Secure platform for publishing academic results with role-based access controls and data integrity mechanisms. - Reduced faculty admin workload by 40%; tested and used across official result release cycles.	

TECHNICAL SKILLS

Languages: Java, SQL, JavaScript (ES6+)

Frameworks: React.js, Node.js, Express.js

Databases: MongoDB, MySQL

Tools: Git, GitHub Copilot, VS Code, AWS, Claude Code, Cursor, Windsurf

Competencies: RESTful API Design, Data Validation & Reconciliation, Workflow Automation

CERTIFICATIONS & ACHIEVEMENTS

- AWS Cloud Practitioner Essentials (2025)
- Programming in Java – NPTEL (2024)
- Senior Software Developer – PMKVY (2025)
- Special Achievement Award – GNITC (2025)
- Best Outgoing Student of the Year – GNITC (2026)
